

Northwoods Child Development Center
A Great Place to be a Kid

Security System Agreement Form

Northwoods Child Development Center has installed a key-less door mount. This is installed on the inside door of our foyer. Each parent, guardian, significant other and staff will be allowed to have the code. Anyone else in your family, emergency contact or authorized person to pick up your child will be required to ring the door bell and gain access to the center by a staff member.

The doorbell is located up and left of the door. This policy is to help ensure that this code is not available to anyone but our immediate Northwoods Child Development families. Our code is a four-digit code. It will be changed and sent out to you at the end of each month via our Himama app.

I, _____

(parent, guardian, significant other)

agree to keep this security code between (myself, spouse, significant other). I understand that I cannot share it with my emergency contact, authorized persons to pick up my child or any other family member. I will let all other persons know that they must ring the door bell and be let in by the staff.

I also understand that I will receive a new security code at the end of the month or earlier if Northwoods Child Development Center feels it is necessary. I will receive this new code on the Himama app.

Please sign this form and provide an email for our Himama app if necessary.
